S&C Power Fuses — Type SM-5
Capacitor Speed (TCC No. 174-4) — 14.4 kv
Outdoor Distribution

Minimum Melting Time-Current Characteristic Curve No. 174-4

Curves are plotted to minimum test points. Maximum variations expressed in current values are plus 10%.
Total Clearing Time-Current Characteristic Curve No. 174-4-2

Curves are plotted to maximum test points. All variations are minus.
